TO THE GENERAL ASSEMBLY OF SOUTH CAROLINA

This volume of the annual finance report for fiscal year 1981-82 is my report on County Finance. Some of the data reported herein is based upon figures reported by the various counties to this office and attested to by their officials.

This volume has been delayed this year because of mandated procedural changes in the tax assessment systems of the counties which delayed their submittal of the data contained in this report. Special care should be taken in using the data pertaining to property assessments.

Should you have questions regarding this report please do not hesitate to contact my office.

Sincerely,

Earl E. Morris, Jr.

COUNTY INFORMATION SECTION

Each county's financial data is summarized in this section to provide the reader a handy reference for specific information relating to total disbursements, state shared revenue receipts, Public Service Commission assessments, Homestead Tax Exemption reimbursements and property tax data.

Due to the nature of the motor vehicle law, Act 405, the tax year of a motor vehicle is concurrent with its licensing period. Therefore, the assessed values have been based on what was collected in the fiscal year 1981-82.

PART III

COUNTY FINANCE

This section is a display of the Annual Settlement data submitted to the Comptroller General's Office by the various counties. Each county report is divided into four major sections:

TAX ASSESSMENTS - Reports the assessments charged for collection and the disposition of those assessments as of the end of the fiscal year.

TREASURER'S CASH ACCOUNT - A general report of the receipt and disbursement of county funds under the custody of the county treasurer for the fiscal year.

DELINQUENT TAX ACCOUNT - A report of the activity for all delinquent tax assessments and collections.

STATEMENT OF INDEBTEDNESS - A report on the county's indebtedness (notes and bonds) showing beginning and ending balances owed.

Following the annual settlement data is a fold-out chart displaying the breakdown of personal and real property values and assessments, along with total assessments for each county. Tax values relating to these assessments are also displayed.

Due to the nature of the motor vehicle law, Act 405, the tax year of a motor vehicle is concurrent with its licensing period. Therefore, the assessed values and number of vehicles have been based on what was collected in the fiscal year 1981-82.
